
EasyMTP SP2 Patch 4 UPDATE 3 Installation Guide

What's in SP2P4 UPDATE 3

This update package includes a fix for the Potential Beneficiary Countries (fixed country code for West Bank and Gaza) and Countries of Planned Research (add West Bank and Gaza) tables.

Pre-Installation Considerations and Requirements

Backup EasyMTP

Please make sure you backup your EasyMTP application and databases before installing SP2 Patch 4 UPDATE 3.

Installation

In order to use the installation package, you must verify that you have a standard EasyMTP installation, e.g., the EasyMTP content db is named **easymtp_db**. If you do not have a standard EasyMTP installation, please contact cgmap-support@cgiar.org for assistance in installing this patch.

1. Login to your EasyMTP VM as administrator.
2. Download the EasyMTP SP2P4 UPDATE 3 installation package from http://sites.google.com/a/cgxchange.org/cgmap-helpdesk/downloads/EMTP_SP2P4_Update3.zip?attredirects=0.
3. Extract the EMTP_SP2P4_Update3.exe installation package from the EMTP_SP2P4_Update3.zip
4. Open the installation package (EMTP_SP2P4_Update3.exe).
5. Press the "Unzip" button in the Winzip Self-Extractor Dialog box, maintaining all of the default values if your EasyMTP Web application is in E:\EasyMTP\EasyMTPWeb, or choose **Browse...** to locate your EasyMTP Web application folder.

6. Press the "OK" button in the Winzip Self-Extractor *Confirmation* Dialog box, then "Close" in the Winzip Self-Extractor Dialog box.

7. Open a command prompt (Start > Run > cmd) and Change Directory to E:\EasyMTP\EasyMTPWeb\DesktopModules\CGMAPModules\SP2P4\Update2
cd
E:\EasyMTP\EasyMTPWeb\DesktopModules\CGMAPModules\SP2P4\Update3
8. run the **finalize_installation.bat** batch file
9. Review the **finalize_install** log file (found in the EasyMTPWeb\DesktopModules\CGMAPModules\SP2P4\Update3 directory) for any errors.
10. Close the command prompt window.
exit
11. Installation is now complete.

Post-Installation

After installation, please do the following:

1. The **finalize_installation.bat** batch file sends the installation log via ftp to CGMap Support; however, please contact cgmap-support@cgiar.org with a full description of any errors raised during this installation or test upload.
